🌿 ATELIER STORY & FORMULATION ALCHEMY

130+ Years of Awadhi Fragrance Alchemy

In the historic heart of Lucknow—the royal city of Nawabs, tehzeeb, and floral gardens—Al-Awadh Aroma began its journey in 1890. Using traditional copper degs (stills) and hydro-distillation receivers, our master distillers extracted the soul of Kannauj roses, Assam agarwood, and monsoon-soaked Gangetic clay.

Today, under the formulation leadership of **Dr. Shivangi Mishra**, we merge these century-old botanical extractions with contemporary French Haute Parfumerie standards. Each creation is handcrafted in high concentration (30–35% pure Extrait oil) for magnetic, 12+ hour sillage.

Pure Botanicals

Kashmiri Saffron, Taif Damask Rose & Aged Assam Oudh sourced directly from generational harvest estates.

Cold Maceration

90 days of dark cellar resting for round, velvety projection, seamless note transition, and rich complexity.

16+ Hr Sillage

High-fixative natural bases engineered for magnetic projection, skin-adaptive chemistry, and long-lasting trail.

Formulation Leadership: Dr. Shivangi Mishra

30–35% Pure Extrait Oil Standard
